

The License key is also available as a USB-Dongle.

We use the products from MARX Software Security. To use the Dongles you have to do following steps:

- minimum .NET Framework V 4.6.0 (check version / install)
- [install MARX "CBIOS Server Windows" as a service](#)
- plug in the Dongle
- only using S7-FileLogger: [install S7-FileLogger for Dongle](#)
- start the program
- Under  you will find the license informations
