

# IOpcApplication Members

**Namespace:** Opc.UaFx

**Assemblies:** Opc.UaFx.Advanced.dll, Opc.UaFx.Advanced.dll

The [IOpcApplication](#) interface defines the following members.

## Events

### Exited

**C#**

```
event EventHandler Exited
```

### Exiting

**C#**

```
event EventHandler Exiting
```

### Started

**C#**

```
event EventHandler Started
```

### Starting

**C#**

```
event EventHandler Starting
```

## Properties

### Configuration

**C#**

```
OpcApplicationConfiguration Configuration { get; }
```

### Property Value

[OpcApplicationConfiguration](#)

# ProductCompany

C#

```
string ProductCompany { get; }
```

Property Value

String

# ProductName

C#

```
string ProductName { get; }
```

Property Value

String

# ProductVersion

C#

```
Version ProductVersion { get; }
```

Property Value

Version

# Methods

## Exit()

C#

```
void Exit()
```

## Run()

C#

```
void Run()
```
